

REDDING SCHOOL of the ARTS HIGH SCHOOL

Back to School Night

Wednesday, September 3, 2025 | 6:30 - 8:00pm

This evening is designed as a parent informational night. If your student attends with you, they must remain with you at all times. You will follow your student's schedule (see below) and go around to each classroom. Your students' teachers will go over their curriculum, expectations and important information to ensure your child is set up for success in class.

It is important that your student's teacher visit with everyone and provide general information. Thank you in advance for holding individual questions for emails or requesting a phone call home. At the completion of Back to School Night, if you have further questions regarding your student's progress, please email your student's teacher to arrange for an appointment.

Administration will be circulating and available to answer general questions.

Your student will be able to fill out their class schedule for you.
